Dienne

Dienne Salotti presenta Modular, il nuovo progetto dinamico di sofa bed nato per soddisfare l'esigenza di arredare il living con soluzioni personalizzate e adatte ad ogni tipologia di spazio.

Caratteristica peculiare di Modular è infatti la sua forte capacità di adattamento e personalizzazione, dovuta alla libertà di poter comporre tra loro vari elementi a seconda del proprio gusto e della superficie di allestimento.

Modular è stato concepito con tre tipologie di schienali (Standard, Plus, Pro), quattro versioni di braccioli e quattro varianti di piedi, tutti elementi studiati per essere versatili e componibili tra loro, in modo da restituire soluzioni sempre nuove, uniche ed esclusive.

Per offrire ulteriori elementi di personalizzazione per il design del living, il progetto Modular è stato arricchito di una chaise longue dotata di pratico contenitore, un angolo quadro, tre tipologie di poltrone fisse con differenti misure ed un pouf terminale.

La versione con schienale Pro, inoltre, permette di poter inserire nella progettazione del sofa bed anche una poltrona recliner.

Il Modular dispone di 2 tipologie di meccaniche, elettrosaldata e ortopedica.

Il plus aggiuntivo di Modular consiste nell'altezza del materasso pari a 17 cm disponibile in differenti densità, un dettaglio che lo rende un vero e proprio letto, comodo e confortevole, attorno a cui è stato costruito un divano unico, dal design contemporaneo e adattabile ad ogni singola soluzione abitativa.

Dienne Salotti presents the "Modular program", a project born from the need to furnish each living room.

The full customization and the freedom to compose various elements according to one's taste are the main features.

Three types of backrests (Standard, Plus, Pro), four versions of armrests and four different feet are the useful elements that make the product unique.

Various modular elements have been designed to complete the set: the chaise longue with storage, the square corner, three types of stationary armchairs with different sizes and terminal element (pouf). Recliner armchair available for version with Pro backrest. Two types of mechanisms available: electro-welded mesh and wooden-slat mechanism.

Mattress H 17cm available in different densities grants comfort like a real bed.
